

Site Request Criteria

The Force CSW Team will receive the request with details of the site requested and will risk assess the location ensuring operatives can comply with all relevant legislation and particularly Health & Safety requirements and specifically the following criteria:

- First & foremost – safety of volunteers
- Provide a safe area to retreat into should it be necessary
- Does not obstruct pavement or driveways
- Not too close to the road
- Safely accommodate equipment
- Allows sufficient distance to read and record details of speeding vehicles
- Good visibility to motorists to maximise educational impact and reduce the risk of sudden reactions

If these principles cannot be met, then a location is not suitable for deployment and will not be approved by Devon & Cornwall Police.
